Dear Louise,

Do you know of any good articles with a rigorous critique on DSM?

Thank you

Mohsen

Dear Mohsen,

How about books?

Making the DSM-5 by Joe Paris

Diagnosis and the DSM: A Critical Review by Stijn Vanheule

Dear Mohsen,

There is a 2013 issue of *Feminism & Psychology* (vol 23, no 1), edited by Jeanne Marecek and Nicola Gavey, devoted to critiques of the DSM.

Best wishes,

Suzanne
